

ROKPA
Women's Workshop
Product Catalogue

The ROKPA Women's Workshop was founded in 1996 as a Social Business in Boudha, Kathmandu, Nepal. Its social objective is the empowerment of disadvantaged women.

Through training in sewing, weaving and all aspects of high-quality textile production they learn a profession. With the income earned, the ROKPA Ladies can provide for themselves and their families, as well as afford to send their children to school.

The Women's Workshop is part of ROKPA INTERNATIONAL, a relief organization with headquarters in Switzerland and represented in 16 countries worldwide. ROKPA's projects primarily focus on education, health, nourishment, women empowerment, children and adults in need. Great importance is given to 'helping people help themselves'.
